[SEAL] March, A. D. 1906.  
P. H. BURNETTE,  
Notary Public, Honolulu, County of  
Oahu.

SATURDAY, MARCH 10, 1906.

The Senate seems rather sensible  
after all. It allows those who wish it  
to come in as a State, and leaves out  
the ones set on a continuous family  
row.

Anyway, the problems of the Phil-  
ippines are reduced to the extent of  
600 Moros, though that may not be  
the benevolent assimilation way of fig-  
uring it.

The Crockett refinery has made a  
successful start. May success accom-  
pany it all along the journey, for it  
means much to Hawaii's industrial in-  
dependence.

No one can blame Secretary Taft if  
he decides that he would prefer a place  
on the Supreme Bench to the Presi-  
dency. But what can he do in a judi-  
cial capacity for his friends the Phil-  
ippines?

Jacob Schiff will be in a position to  
say many pleasant things of Hawaii.  
Assured of his being in good hands  
after he lands, the only doubtful quan-  
tity is the kind of a day the weather-  
man will furnish.

Considering the fact that the Japa-  
nese tourists who visit Hawaii can-  
not be kept here, they will at least  
make more room for 100,000 European  
immigrants. It is always better to find  
a bright side somewhere.

Before Delegate Kuhio left for Wash-  
ington he said he was in the hands of  
his friends for renomination, and  
meanwhile anyone who wanted it  
could get in and work for the place  
if he so desired. Whether anyone  
improved this opportunity remains to  
be seen.

Sheriff Brown undoubtedly has  
enough friends to make a very credit-  
able showing, and evidently has no  
fear of the few enemies who have  
schemed their best to do politics  
through the Grand Jury. No doubt  
their efforts will now be reduced to  
the single purpose of getting Sheriff  
Brown.

John U. Smith in his former position  
as the words of Judge Gilchrist that he  
was a "Democrat by birth, Republican  
by affiliation and Home Ruler by pro-  
motion." And now he is a "Republican  
by birth, Democrat by affiliation and  
Home Ruler by promotion." Among other  
things Mr. Smith is a pretty good fellow,  
and all newspaper workers will join in  
hoping that he can stand the strenuous  
task of setting Hilo on fire, and enjoy it.

Senators spanked the President by  
defeating the Philippine free-trade bill  
and now administer another slight one  
by amending the Statehood bill as  
passed by the House. As the Phil-  
ippine fight and Statehood fight were  
said to be only preliminary skirmishes  
of the great battle, everyone will watch  
with much keener interest the attitude  
of the millionaires' club on the railway  
rebate bill.

The Hawaii Herald takes the position  
that the present financial condition  
of the Educational Department  
furnishes the best argument for plac-  
ing the schools under the control of  
the Counties. Prof. Alexander has  
been quoted as saying that temporary  
assistance by the Counties would be  
the entering wedge toward placing the  
schools under County control. There  
you have it. The Herald wants the  
schools under County control and Pro-  
fessor Alexander doesn't. The indica-  
tions are that the Herald believes it  
wise to block County assistance at  
present in order to bring about what  
those who think with Alexander don't  
want.

## Slaves to Spring Catarrh Restored to Health by Pe-ru-na.

## SPRING THE TIME TO CURE CATARRH.

## Pe-ru-na Invigorates Mind and Body.

Hon. Wm. G. Hunter, Ex-member North Carolina  
Legislature, writes from the Census Office Building,  
Washington, D. C., as follows:  
"The greatest family medicine ever discovered, in  
my opinion, which comes from experience as well  
as observation, is Peru-na."  
"The most common affliction to humankind is a  
bad cold. Peru-na drives it out of doors, wards off  
catarrh, invigorates and gives fresh strength to  
mind and body. I give Peru-na my unqualified en-  
dorsement."—Wm. G. Hunter.

## Takes Pe-ru-na Every Spring.

Miss Tilly Marx, 421 14th St., Milwaukee, Wis.,  
writes:  
"I am pleased to endorse Peru-na, as I found it  
very efficient in ridding my system of a severe cold  
and catarrhal trouble, after I had tried many other  
remedies without getting relief."  
"I took Peru-na for two weeks, when I was much  
better, and in two weeks more I was entirely rid of  
the cold and catarrh. I shall take it every spring as  
a tonic, as I found that it made me much better in  
every way."—Tilly Marx.

MISS  
LYDIA  
HERZIGER

Miss Lydia Herziger, Grand Recorder of American  
Daughters of Independence, writes from  
Neenah, Wis., as follows:

"I have used Peru-na now for four years, each  
Spring and Fall, and it keeps me perfectly well  
and strong."

"I am able to continue working and do not  
have to take a three months' rest, as I used to  
do every year. This is a great comfort to me,  
as I was not able to afford such a long rest."

"I find that it is a great preventative for colds  
and coughs and soon rids the system of all dis-  
ease and is an admirable medicine. I can hot-  
ly endorse it."—Lydia Herziger.

MISS  
TILLY

MR. JAMES A.  
MOODY

Mr. James A. Moody, Ex-president Board of  
Education, Mineral Co., W. Va., writes from 314  
Massachusetts avenue, N. E., Washington, D. C.,  
as follows:

"My family have used Peru-na for several  
years past with excellent results and I take  
pleasure in testifying to its superiority as a  
remedy for catarrh."

"Every spring that dreaded disease will show  
up in my family and we always turn instinctively  
to Peru-na to ward it off."

"It has never yet failed, and I never lose an  
opportunity of recommending it to my friends."  
—James A. Moody.

## Spring Catarrh.

Almost every one has come to believe  
that spring is a season that brings de-  
rangements of the body dependent on  
blood impurities.

This belief is an old one, is nearly uni-  
versal, and has arisen, not as the result  
of the teachings of the medical fraterni-  
ty, but has been learned in the bitter  
school of experience.

## Nervous Depression.

Depression of the nervous system at  
the approach of spring is a fertile source  
of blood impurities.

There are general lassitude, dull, heavy  
sensations, continual tired feelings, with  
irregular appetite, and sometimes loss  
of sleep.

## That Tired Feeling.

That tired feeling, which is the nat-  
ural result of the depressing effect of  
warm weather immediately after the  
invigorating cold of winter, quickly  
disappears when Peru-na is taken.

For special directions everyone should read "The Ills of Life," a copy of which surrounds each bottle. Peru-na is for sale by all chemists and druggists at one dollar per bottle or six bottles for five dollars.

## The Proper Remedy.

Peru-na meets every indication and  
proves itself to be perfectly adapted to  
all their varied peculiarities. Peru-na  
invigorates the system, rejuvenates the  
feelings, restores the normal appetite  
and procures regular sleep.

## Do Not Delay.

Get a bottle of Peru-na when the first  
languid feelings make themselves ap-  
parent in the spring. Take it according  
to the directions on the bottle. Con-  
tinue this treatment through the first  
months of spring.

This course of treatment is no experi-  
ment; it is as positive in its results as  
any fact of science can be.

## A Spring Tonic.

Almost everybody needs a tonic in the  
spring. Something to brace the nerves,  
invigorate the brain, and cleanse the  
blood. That Peru-na will do this is be-  
yond all question. Everyone who has  
tried it has had the same experience as

Mrs. Winnifred Power, an artist, who,  
in a recent letter from 240 7th St., Port-  
land, Ore., says:

"I am pleased to speak a good word  
for Peru-na, as I found it an excellent  
tonic and spring medicine and very ef-  
fective in ridding the system of cold  
and catarrh."

"About two years ago my system was  
all run down in the spring and I thought  
I would try and see if Peru-na would be  
of any assistance in bringing back my  
health and strength."

"I found that it was splendid and all  
the medicine that I needed. In a little  
over a month I was well and did not  
need to take any more medicine."

"I shall recommend it to every one in  
need of a tonic, and know that I have  
only to take a few doses of Peru-na when  
I take a cold and I will soon be over it."

—Winnifred Power.

## Nature's Assistance.

Spring is the best time to treat cat-  
arrh. Nature renews herself every  
spring. The system is rejuvenated by

spring weather. This renders medi-  
cines more effective.

A short course of Peru-na, assisted by  
the balmy air of spring, will cure old,  
stubborn cases of catarrh that have re-  
sisted treatment for years.

## A Word of Advice.

To those who have been afflicted with  
chronic catarrh we wish to say that the  
spring season affords you a splendid op-  
portunity to get rid of your disease.

It may be you have been afflicted for  
several years; you may have tried dif-  
ferent remedies. Perhaps you have be-  
come discouraged.

## Now Is Your Opportunity.

This failure was during the winter  
months. But now is your opportunity.  
Nature comes to your assistance at this  
season.

Just help her a little and she will  
bring you out of the quagmire in which  
you have been floundering so long. Give  
Nature a little assistance lest her strug-  
gles be in vain.

## A Typical Case.

Geo. M. Fillmore, late 1st Lieut. 3rd  
U. S. Artillery, writes from 900 L St., N.  
W., Washington, D. C., as follows:

"I brought forward from winter into  
spring a sickening case of catarrh which  
was making existence miserable for me,  
until I was induced to try a bottle of  
Peru-na."

"An immediate improvement gave me  
hope, if not relief. I kept up taking Pe-  
ru-na and it has so strengthened and re-  
lieved me that I am now confident of a  
cure. I heartily endorse Peru-na for cat-  
arrhal affections and as a tonic for their  
weakening effects."—Geo. M. Fillmore.

A short course of Peru-na now will  
be just in time. During the month of  
April you will find the strategic time to  
rid yourself of chronic catarrh, one of  
the most persistent, stubborn diseases  
in the whole list of human ailments.

After you have tried it you will say  
Peru-na is positively the best spring  
medicine you have ever used.

A great many years of extensive trials  
of this remedy in this class of derange-  
ments have demonstrated that there  
are no failures.

## Thousands of Testimonials.

Thousands of cases might be quoted  
in which Peru-na has rescued people  
from the ravages of spring catarrh, and  
put them on a good, solid foundation of  
health.

We can give our readers only a slight  
glimpse of the vast array of unsolicited  
endorsements Dr. Hartman is con-  
stantly receiving. No other physician  
in the world has received such a volume  
of enthusiastic letters of thanks.

If you do not derive prompt and sat-  
isfactory results from the use of Peru-na,  
write at once to Dr. Hartman, giving a  
full statement of your case and he will  
be pleased to give you his valuable ad-  
vice gratis.

The Hartman Sanitarium, Columbus,  
Ohio. All correspondence held strictly  
confidential.

## TRUCE IS CALLED

(Continued from Page 1)

well as treasurer, and he had a right to  
do so.

Lindsay said that the Garvie faction  
was in peaceable possession and the  
Peacock faction was not, and the latter  
should probably desist from inter-  
ference pending the decision of the  
court.

Ashford said that if this was the  
case, the matter would be a race for  
justice, to see who could get first and  
win the injunction.

Lindsay said Rothwell was in pos-  
session and Peacock was interfering,  
but the Court could almost take judi-  
cial notice of the fact that irreparable  
injury was being done. The only ques-  
tion in the Court's mind was how the  
Rothwell side would, in case it lost,  
restore Peacock the possession had

until forced to surrender it by the  
temporary injunction.

Bailon said his side would guaran-  
tee to give that back if the decision  
went against Rothwell.

Ashford wanted to know where the  
guarantee was.

Bailon answered that there would be  
a speedy remedy in equity.

The bond also caused some further  
dispute, but it was finally accepted af-  
ter it had been signed by W. C. Pea-  
cock & Co., Ltd., Alex. Garvie as pres-  
ident.

Ashford stated that Peacock would  
obey the injunction as directed against  
him as manager, but would remain on  
the premises in his capacity of presi-  
dent, though he would not interfere.

Ident, J. G. Rothwell as treasurer, and  
by Rothwell and Garvie in their indi-  
vidual capacities.

Judge Lindsay then signed the tem-  
porary injunction whereby Peacock is  
restrained from acting as manager,  
from interfering with the business, and  
from preventing Rothwell from acting  
as manager. The hearing on the main  
injunction permanent will  
come up on Monday at 10 a. m., when  
the merits of the matter will be con-  
sidered.

The Hawaii Shippo shows that there  
are 60,000 Japanese in the islands, 12-  
000 of them in Honolulu. Those out-  
side of the city are classified as fol-  
lows: Laborers, 17,076; storekeepers,  
4845; women, 9488; children under  
twenty years of age, 11,216. There are  
fifty-seven Japanese schools in the  
Territory, with 1526 boys and 1135  
girls attending them. There are thirty-  
three Buddhist temples, sixteen Japa-  
nese Christian churches and six Shin-  
to temples.

The steamer Kinau arrived this  
morning from Hawaii ports, reporting  
bad weather all along the Hilo coast.  
Last Thursday the wind blew so hard  
it was unable to work the vessel and  
the steamers Kaulani, Neoua and Kin-  
au were all compelled to seek safe  
harbor at Hilo. On the homeward trip  
the Kinau experienced rough weather  
at Mahukona but landed her freight  
successfully.

Hon. W. R. Castle and D. L. With-  
ington, who have been absent for the  
past week on legal business on Hawaii,  
returned by the Kinau this morning.

The Misses Shipman of Hilo were  
passengers by the Kinau this morning.  
They will visit friends in Honolulu.

## HAKALAU SETTLERS SATISFIED.

(Continued from Page 1.)

The mill is still unsettled. The set-  
tlers made a figure, which the plan-  
tation refused, and the plantation then  
made a figure which has not as yet  
been accepted by the settlers. As the  
directors of the plantation some time  
ago decided to give the Hakalau set-  
tlers terms similar to those given the  
Molokai by the Maake Sugar Co., the  
matter will probably be arranged. It  
is also probable that heretofore exist-  
ing differences between the settlers and  
the Territory are at an end, and that  
the settlements will be accomplished  
without much difficulty.

While Pratt was in Hilo he also  
looked up the matter of opening a tract  
of land near Coconut Island in small  
lots for poor Hawaiians. Some Ha-  
waiians have already settled on these  
lands on thirty-year leases, which,  
however, can be cancelled by the Pub-  
lic Works Department, which has con-  
trol of the lands, on a year's notice.  
Pratt intends to arrange with the Pub-  
lic Works Department for the opening  
of these lots on the long-term payment  
plan.
